WITH HEAVY LOSSES.

Japanese Again Repulsed at Port Arthur.

MET WITH DESPERATE RESISTANCE

Economic and Political Conditions in Japan, as Reviewed by the Mikado's Premier—Sharp Skirmishing Reported Below Mukden—Progress of the War in the Orient.

St. Petersburg, Nov. 28.—General Kurapatkin telegraphs a description of a Japanese attack on Nov. 24 against a Russian detachment near Esink-betchen, on the front of the left flank. "The fighting," General Kurapatkin says, "was fierce, almost amounting to a bayonet engagement; but the enemy were repulsed and suffered severely. The attack was renewed the following morning, the Japanese having been reinforced, but again were repulsed, and at 4 o'clock in the morning a blizzard and fog greatly hindered artillery fire. The Japanese continued to advance under cover of the fog, but our forces held their positions and the firing subsequently slackened. The Russian losses were nine killed and 57 wounded. On Nov. 25 the Japanese resumed the offensive and endeavored to envelop our left flank while advancing against our center. I have received no later reports." General Kurapatkin also describes the bayoneting of 20 Japanese belonging to a patrol during a reconnaissance the night of Nov. 25. A press dispatch from Mukden, dated Nov. 23, states: "The Japanese made a fresh attack on Poutloff hill the night of Nov. 22. Their advancing ranks were decimated by the Russian shell fire. Some of the Japanese secured lodgment on the slopes of the hill, but were driven out at the point of the bayonet, when the whole Japanese contingent fled. A similar attack was made the same night south of Erdagoun, which also was repulsed with a bayonet charge. The Japanese lost heavily, while the Russian losses were 30 killed.

A Japanese column of two companies attempted to penetrate the Russian eastern flank on Nov. 23, but was met by two squadrons of Russian cavalry and driven off with severe loss.

CONDITIONS IN JAPAN.

Premier Issues a Statement Concerning Finances and Politics.
Tokyo, Nov. 28.—On the eve of the assembling of the Japanese diet, Premier Katsura issued the following: "To insure peace in the orient and to safeguard our national existence is the aim and purpose of our empire and no sacrifice shall be too great for successfully effecting this purpose. Russia must see that the war can not be concluded by the issues of a few battles. With us the war means life or death, and not one of our 45,000,000 brethren remains ignorant of the vital importance. We are prepared to sacrifice our last man and our last cent for this war.

The domestic condition of Japan is highly satisfactory. The diet might be summed up by saying that from the first it planted itself firmly in opposition to the government on financial questions. After my appointment friction became increasingly violent. The two parties, the constitutionalists and the congressionists, held a combination in opposition to my ministry. But when the war came this friction entirely ceased, and the house of representatives, which once refused to pass a budget of \$2,000,000 as excessive and unbearable, gave a ready and willing assent to the first war budget of \$288,000,000. At this session of the diet the government will be compelled to present a budget calling for \$388,000,000, and indications are that it will be passed without the slightest difficulty.

Corps of General Kuroki.
Berlin, Nov. 26.—The Lokal Anzeiger's Mukden correspondent telegraphs as follows: According to a report brought by Chinese to Russian headquarters the corps of General Kuroki has arrived at Yinkow. The concentration of strong Japanese forces at Salmatso, northwest of Fengwangcheng, which at first was thought to indicate the formation of a new offensive army, now appears to have been intended only for covering the Fengwangcheng communication.

Japs Succeeding at Port Arthur.
Tokyo, Nov. 29.—It is reported that the attack against Port Arthur by Japanese light artillery is succeeding. It is estimated that 90 per cent of the work of the complete occupation of Port Arthur will be finished with this height in the possession of the Japanese. No part of the harbor of Port Arthur will then be concealed from the Japanese.

Seize British Boat.
London, Nov. 24.—The Japanese, according to a dispatch from Chefoo to the Chronicle, are reported to have captured the British steamer "Tun-chow" laden with 30,000 cases of canned meats for Port Arthur.

Squadron Sails.
Suez, Nov. 28.—Vice Admiral Voelker's division of the Russian second Pacific squadron sailed, escorted by Egyptian coast guard cruizers.

Mummies Found in a Cave.
El Paso, Tex., Nov. 25.—Miners have broken into a cavern containing two dozen mummies, near Silver City, N. M. Buried with the six mummies were stone weapons and instruments showing that they belonged to a prehistoric race. The persons were apparently about five feet tall in life. Their heads were small and their arms long. The cave is 100 feet below the surface of the earth.

HOTEL THIEF

The Charge Against a German Who Succeeded in a Cincinnati Jail.

Cincinnati, Nov. 28.—At the central police station here, a man believed to be prominently connected in German committed suicide by hanging himself in his cell. He was registered as Max Rickhardt, 27, Germany, at the police headquarters. As he registered at three hotels here under different names and under other names in St. Louis and elsewhere throughout the country, he was called "the German prince of many aliases." He was tall, fine looking and faultlessly dressed. Sunday he was moaning about "Liddle," and repeatedly said "she will never know what became of me," etc. Letters were found addressed to Liddle Lang, Reichenbach, Saxony, Germany, and he repeatedly said she was waiting there for his return. He prayed he would never hear of his downfall. He was arrested last Tuesday at the Grand hotel, where he had registered as Clemens Christian Lanterner, and charged with being a hotel thief.

Yellow Fever Stamped Out.

Havana, Nov. 25.—"We challenge it," United States marine hospital service to point out, as alleged, that several cases of yellow fever have appeared in various parts of Cuba," was the response of Dr. Charles Finlay, chief of the department of health and sanitation, when shown a dispatch from Washington assigning that as a reason for the instructions of the United States to Minister Squiers to call the attention of the Cuban authorities to the unsanitary condition at Santiago and elsewhere in the island and to urge prompt and thorough remedy of those conditions. Dr. Finlay, who has a high reputation as a yellow fever expert, asserted with confidence that there was not a single case of the disease in Cuba.

Rush of Immigrants.

New York, Nov. 26.—So great has been the rush of immigrants to this port within the last few days that the immigration station at Ellis island is crowded. Several thousand steerage passengers were forced to remain on board the steamers on which they arrived from Europe. The British came in with a steamer list numbering 1,700, the officials of the steamer were informed that there was no room for them on the island. Five thousand immigrants already were crowded in the detention quarters, while the present force of inspectors is only 3,000.

To Prohibit Football.

Chicago, Nov. 26.—State legislation forbidding the playing of football in Illinois, Indiana, Michigan and Wisconsin is being urged by James F. Rowley of this city, whose son, James F. Rowley, Jr., died from injuries received in a game on Nov. 5. Parents of sons who have been killed in the season just closed have been asked to co-operate with him. Through the enactment of a similar law in the four named states at the same time, Mr. Rowley hopes to secure the aid of all educational institutions, neither state nor private, in the abolition of the sport in neighboring institutions.

Heavy Embezzlement Alleged.

London, Nov. 28.—Discovery has been made of an embezzlement of \$5,000,000 by a trusted employee of the London house of Rothschild. Moses Blumenthal, head of the bullion department of the famous family of money lenders, is the man charged with the embezzlement. He had carried blank checks to use the firm's name. It is charged that he has been disposing of bullion entrusted to his care and sinking the proceeds in speculation. Blumenthal, it is said, has fled to New York, but it being against the policy of the house to prosecute, no effort will be made to apprehend him.

Girl Awarded a Verdict.

Chicago, Nov. 26.—Miss Nellie Burke, a waitress in a North side restaurant, was awarded a verdict for \$5,000 in a breach of promise suit against John Spring, manager of the Louisiana Plate Glass & Window company, and a prominent business man of New Orleans. Although Spring denied the story, the young woman told and asserted the references in his letters to "kisses," "hugs" and other tokens of affection were only ludicrous utterances of a mere friend, it took the jury but 30 minutes to decide in favor of Miss Burke.

Ocean Liner Rammed.

New York, Nov. 24.—Fourteen hundred Italian steerage passengers returning to Italy on the steamship Nord America were thrown into excitement when the ship was rammed by the New York. New Haven and Hartford railroad boat No. 6 in the harbor off Liberty island. The float struck the steamship about 40 feet from the stern and two feet above the water line, tearing a hole 20 feet long and 6 feet high in her plates, and making it impossible for the vessel to continue her voyage without extensive repairs.

President Roosevelt Returns.

Washington, Nov. 29.—President Roosevelt and party arrived here this morning from St. Louis, the homeward train being devoid of special incident. Mr. and Mrs. Roosevelt were driven at once to the White House. A crowd at the station welcomed the president back to Washington. On the run from St. Louis the president made brief addresses at a number of points.

Fatally Stabbed.

Owensville, Ky., Nov. 26.—In Wolfe county George Craig and Frank Caudill quarreled while intoxicated. Caudill was being taken away by friends when Craig ran up behind and stabbed him in the back. Caudill then turned and Craig stabbed him in the breast. Caudill will die. Craig escaped.

Edwards Contest Against Godfrey Hunter to Be Decided During the Coming Session of Congress—Crime and Casualty.

Louisville, Ky., Nov. 28.—The contest of D. C. Edwards against Dr. W. Godfrey Hunter will be decided during the coming session of congress. If Mr. Edwards should win he will get full salary for two years, which will amount to \$10,000. Mr. Edwards was elected to the Fifty-ninth congress, and he has always contended that he was also elected to the Fifty-eighth congress. Dr. Hunter appears to be taking little or no interest in politics now. If he had been elected to the Fifty-ninth congress the chances are that he would have defended the contest with much vigor. The secretary of state has received election returns from all counties in the state except Harrison, Jessamine, Knox and Rockcastle. The official majorities for congress so far as ascertained are as follows: For Ollie James, 9,802; for J. M. Richards, 9,700; for D. H. Smith, 2,500; for Joe Rhinock, 2,705; for South Trimble, 7,169.

Sheriff Ellison and posse left here to attempt the arrest of the Earl.

Football Players Clash.

Louisville, Ky., Nov. 25.—The intense rivalry which marks the annual game between the Louisville male high school and the Manual Training high school culminated in a fair-sized riot after the game. The opposing forces clashed in a fashionable residence section, and for 20 minutes 300 students were busily engaged in breaking heads with bricks and clubs and gouging each other with the points of their school pennons. Police stopped the disorders.

Embezzlement Charged.

Williamson, W. Va., Nov. 28.—Charged with being a defaulter in the sum of \$6,000 from the Norfolk and Western railroad, Richard Anderson, the agent at Canterbury, was arrested and is now in jail at Williamson. MOB STORMS A HOME.

Woman and Man Fatally and Ten Others Seriously Wounded.

Huntington, W. Va., Nov. 23.—The family of John Wallace and the Curry brothers engaged in a deadly fray near Yorkville. The Curry brothers made a demand for liquor at Wallace's saloon. They were refused because, it is alleged, they were already intoxicated. When the Curry brothers began shooting, Wallace closed his saloon. Later the Curry brothers, with others, went to Wallace's home, demanding that Wallace come out. When Mrs. Wallace stated that her husband was not home the crowd broke in the windows. Mrs. Wallace then fired into the crowd, fatally wounding Thomas Curry. Mrs. Wallace was shot in the limb and shoulder. Wallace made his escape to the village of Yorkville. All of his live stock was killed by the mob. It is estimated that about 500 shots were exchanged and that 10 members of the mob were badly injured. A reward has been offered of \$1,000 for the apprehension of any member of the mob.

American Fishing Fleet Seized.

Eastport, Me., Nov. 29.—Ten American fishing craft, including eight sailing vessels and two steamboats, have been seized by the Canadian fisheries protective cruiser Curlew and fined for illegal fishing in the Canadian waters of a tributary of Passamaquoddy bay, near St. George, N. B. The fishing craft were seized near St. George. The specific charges were preferred against the vessels that they had fished on Sunday, that they had illegally caught fish in their possession, and that they had fished illegally in Canadian waters. It is understood that the fines will be paid and that the entire matter will be disposed of without involving any international question.

Suit Against Mrs. Chadwick.

New York, Nov. 29.—A sensation was caused here by the bringing of suit by Herbert D. Newton of Brookline, Mass., against Mrs. Cassie Chadwick of Cleveland, O., for \$190,800 for money loaned. Mrs. Chadwick is the wife of a Cleveland physician. In addition to Mr. Newton's suit several banks have taken legal action to recover various amounts, which bring the total sum to \$267,800. Besides Mr. Newton the plaintiffs in suits against Mrs. Chadwick are the Euclid Avenue Savings and Trust company of Cleveland for \$38,231 and Savings Deposit Bank and Trust company of Elkhart, O., for \$10,000.

Irish Potato Crop Fails.

London, Nov. 26.—The failure of the potato crop is causing great distress and suffering among the peasantry of Connaught, Ireland. The Galway county council adopted resolutions urging the government, in view of the pressing need, to afford assistance by providing relief works, especially in the congested districts, and by supplying cheap potatoes for the coming season. The council suggested, among other things, the development of mineral resources. Reports from various districts of Ireland state that the pinch of hunger is already severely felt, especially on the Mayo seaboard.

ANNOUNCEMENTS.

FOR STATE REPRESENTATIVE.

We are authorized to announce GRANT HOLLIDAY as a candidate for Representative from the 92d Legislative District, composed of the counties of Breathitt, Lee and Magoffin, subject to the action of the Republican party.

FOR ASSESSOR.

We are authorized to announce JOHN L. STONG as a candidate for Assessor of Breathitt county, subject to the action of the Republican party.

Theodore Roosevelt is the second President of the United States to wear on his face a moustache only, the other having been Grover Cleveland. Almost all of our presidents have worn a beard, not being as sensitive as the Sultan of Turkey, who never shaves through fear of having his throat cut by the barber.

Kentucky sadly needs a weather bureau to predict "gentle rains and variable winds." It has been suffering for the past two months with an unprecedented drought, and the dust has so saturated the atmosphere that there is an epidemic of what the doctors call "dust cough." Wheat planted weeks ago refuses to germinate, and the famous bluegrass region has turned brown and yellow. Even the men are dry and Henry Watterson has blown away to Europe "to give politicians a rest" and Jack Chin has girded on his armor and permitted an admiring constituency to send him to the legislature.

Young man, take courage! If you are poor it is a sign that great Nature intended to give you a chance to make somebody of yourself. The next governor of the splendid state of Minnesota is a Democrat, elected by 30,000 from one of the staunchest Republican strongholds which gave Roosevelt 100,000 majority. Johnson is a washerwoman's son, and for that reason was made the victim of an asinine attack at the hands of his political opponents. This attack was bitterly resented by many in both parties and there were enough Republicans who were fond of fair play to elect the target of abuse to the governor's chair.

Correspondence.

ATHOL.

Wilburn H. Bowman passed from his earthly home to heaven, at six o'clock a. m., Thursday, Nov. 24, 1904. His sufferings for the past three weeks were intense, but at the last death came gently and relieved him of all his misery and earthly troubles. He leaves a wife and nine children, mother, two brothers, one sister and a host of relatives and friends. His hopes for the future were bright. He told his family and friends around him that there was nothing in his way and that he would go shouting and praising God. Though dead and gone, he will live for years to come in the hearts of all who knew him and all we can do is to remember the virtues that he possessed and permit them to lead us to brighter and nobler things. Dearest brother, thou hast left us, And thy loss we deeply feel, But tis God that hath bereft us, He can all our sorrows heal.

FINCASTLE.

Corn gathering is about over. S. F. Gentry has moved up near Torrent. E. G. Spencer and family are moving to Filleys creek. Crate Kincaid has bought a farm over near Primrose. Melvin Kincaid is laid up with a very bad cut in his foot. Crate Kincaid was attending court at Reattville Monday. Miss Ada Shackelford was visiting home folks Saturday and Sunday. Casper Cable has quit the L. & E. bridge force and is at home for the winter. A. B. Adkins our clever postmaster went to Jackson last Thursday and took into himself a better two-thirds. Bro Thomas Gentry, of Island City, is conducting a series of meetings at the Methodist church. Joe Stamper, Will Olinger, Walter Day and Shelby Barnett were attending court Monday, as witness against Tom Burkhardt for shooting at an L. & E. passenger train the 11th of last July.

No Rain For Months.

The long drought, almost unprecedented in the South, shows a wonderful deficiency in rainfall for the months over which it has extended and unless it is broken soon farmers fear that pastures which have been in grass many instances for 20 years will have to be re-sewn in order to insure stands of grass next spring. Every green thing is withered and stock are suffering for want of that kind of nourishment. One of the most distressing prospects in Central Kentucky, in fact all over the State, is the prospective shortage of stock feed. The curtailment of grass by drought forces farmers to feed in their winter stores so that by the end of the winter season a serious shortage is expected with corresponding increased prices. Unless an early spring sets in the outlook is anything but inviting.

Driven to Desperation.

Living in an out of the way place remote from civilization a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Buckle's Arnica Salve. It's the best on earth. 25c at Jackson Drug Co.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from F. J. McFarland, Reattville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Jackson Drug Co. Trial bottles free, regular sizes 50c and \$1.00.

Mr. Sterling Court.

About 300 cattle on the market. The quality was fair with quite a number of yearlings. Trade was brisk and considering lack of water and grass prices were strong. A few heavy feeders sold at \$3.50 to \$3.90, but most of sales were at \$3 to \$3.20. Yearlings at \$2 to \$3.50. Heifers at 2 1/2 to 3 cents. Cows at 2 to 2 1/2. A good crowd of the pens and a great many cattle changed hands during the day. It was a surprise to see trade so good. No grass and stock water very scarce along winter ahead is enough to make most people very conservative in buying.

Mules were brisk and higher. No real heavy ones for sale, but some 16 hand mules sold at \$175 to \$180; 15% mules \$145 to \$150; 15 hand mules \$100 to \$125; small mules \$50 to \$100. Sales were brisk and a good many mules sold during the day to dealers. Horses were about as usual. The usual number of buyers looking for fine horses. —Mr. Sterling Advocate.

Beware of Counterfeits.

"DeWitt's is the only genuine Witch Hazel Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for Piles, Cuts and Burns for years and can recommend it to be the best Salve on the market. Every family should keep it as it is an invaluable household remedy and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Rich, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All the salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by M. S. Crain, Jackson, Ky.

Allen, a former citizen of this county, was nominated for magistrate in the Campton district and Amos Graham in the Lee City district.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. "For three years" she writes "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel Troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Jackson Drug Co.

A Nerve Trying Ordeal.

Some years ago the students at the Japanese Naval academy were accustomed to attend an annual banquet. They sat at a circular table around a slowly revolving cannon loaded with a ball and trained to the level of their heads. The trigger was so arranged that it could be touched from a hidden source outside of the banquet hall. That at some time during the banquet the cannon would be fired every one at the table knew, but just when or in what direction it would be pointing was a mystery.

Of course there was a possibility that the ball might crash harmlessly between the heads of two banqueters, but it was equally probable that it might carry off the head of some student. Yet no one flinched. The chances were equal to all. The picturesque object of destruction revolving during the jovial hours of the banquet, pointing from student to student and ready at a given moment to blow any one of them to pieces, was considered in Japan admirable training to steady the nerves of a fighting man. —Success.

Ancestor Worship in China.

Every Chinaman is supposed to possess three souls. One goes into the ground at burial, one into the "ancestral tablet" and one into the realm of spirits. It is partly in order to provide the last with those things which are requisite to its well being that ancestor worship is kept up, departed ancestors often taking revenge on the living for any negligence on their part in the performance of the customary rites for the dead by bringing some calamity upon the household. These "rites of the dead" are performed for all over ten years of age, with the hope of delivering them from hades or of improving their condition there. They last for periods that vary according to the age and wealth of the deceased—for children and young people from seven days to a month, for a middle aged man of ordinary means from a month to forty-nine days.

Antiquity of the Acrostic.

The acrostic certainly dates back to about 250 B. C. when the names of the "Comedies" of Plautus were indicated by this ingenious device. Cicero, about a hundred years later, in his treatise "De Divinatione," says: "The verses of the sibyls are distinguished by an arrangement which the Greeks call acrostic. From the first letters of each verse in order are formed words which express some particular meaning, as in the case of some lines of Ennius, the initial letters of which make 'this Ennius wrote.'" A similar device was employed in some of the Hebrew psalms, notably in the One Hundred and Nineteenth, where each verse begins with the letter which stands at the title of its separate part throughout the twenty-two divisions of the psalm.

The Hazard Enterprise, the new paper at Hazard came to us last week. This is the first paper every printed in Perry county. It is edited by B. P. Bowling, who is county superintendent of schools of Perry county. A High Compliment.

On Sabbath, November 20th, the churches at Brandon and Forest, Mississippi, unanimously voted to call the Rev. W. W. Powell, of this city, to become their pastor. These are old conservative churches and their call is a high compliment to Mr. Powell's work here and at his former charge in Florida. They have never seen or heard Mr. Powell. Mr. Powell has the call under consideration but will probably remain with the Jackson church.

December Weather.

A Cincinnati weather prophet of note predicts that December will be a month of storms. Sudden changes in the temperature will occur during the month from mild weather to severe cold waves in all sections of the country, and from heavy rains and sleet to snowstorms. The precipitation during December will consist principally of heavy rains turning to sleet and snow, followed by cold waves. Heavy rains over the southern and gulf states and the coasts, causing big rises in streams over the south. The rains followed by fall in temperature and cold waves, sleet and snow in many sections. Heavy rains followed by cold waves, and at times sleet and snow, over Kentucky, and rain to heavy snow over the mountain districts, causing big rises in the rivers and danger of floods.

RARE PETITION

Filed in Court of Appeals by a Zealous Attorney.

In a printed petition for rehearing lately filed in the Court of Appeals of Kentucky, the attorney (from the western part of the State), who writes the petition, makes the use of the following language, which well deserves a place in the annals of the law:

"So, I have, I think, shown conclusively that the vote of Judges Paynter and Barium should now be recorded with that of Judges Hobson and Nunn, who dissented from the majority decision in this case. And I have no more doubt that Judges Settle and O'Rear, when their attention is called carefully to the question involved, will so decide than I have that I am sitting here at this table running this machine at a late hour when I should have been in bed and asleep long ago, and I do honestly feel that if this Court should let this opinion stand as it now is I would be tempted to take a solemn vow never to enter a court house again, for God knows in trying to practice law for widows and crippled people without money and influence against corporations with boundless wealth and all the talent and help and facilities that wealth can command causes me often to feel more like a tramp and vagabond than a man and a gentleman anyhow. It causes me to feel so insignificant sometimes that I almost despise my own self to imagine that I am up more than a single grain of sand on the seashore or a gnat floating on an evening zephyr. But I must hasten on and bring this brief to a conclusion, else it may break me to have it printed. My client is already broke. The appellant broke her by killing her husband. He was all she had, and I think I will soon be broke also unless I quit trying to represent widows and cripples and lending them money to help them to keep body and soul together until their cases are tried a half dozen times."

Pounded Their Preacher.

To the complete surprise, but delight, of their pastor and his family, the members of the Presbyterian church and other friends, headed by Uncle Wiley Combs, gave Rev. W. W. Powell and family an old-fashioned pounding on Tuesday night of this week. The good pastor's back is still "very sore" from the pounding, but with due application of the many excellent remedies brought along by the pounders, delightful sausages, breakfast bacon, ham, Irish potatoes, honey, coffee, apples and all sorts of canned and preserved fruits, etc., no doubt the pastor's family will soon be well again. Anyway, the pastor wishes to say to the friends that they may "pound" him again sometime, provided the remedy is as pleasant to take as this.

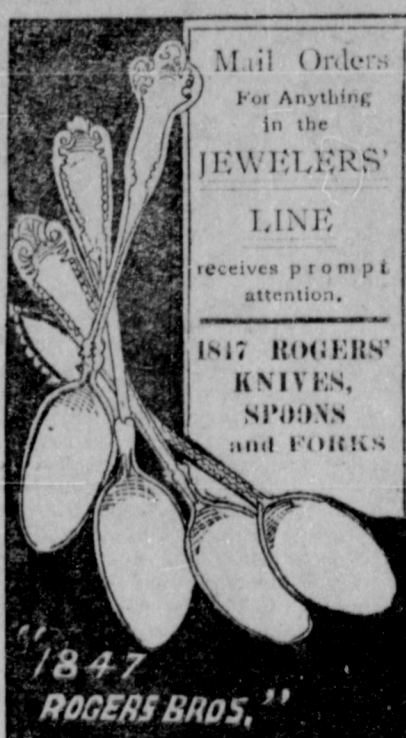

At the Republican primary held in Magoffin county on November 23d, M. F. Patrick was nominated for county judge, R. C. Minix county clerk, Noah Patrick county attorney, Thomas Cooper sheriff, Charles Minix jailer, John Coffee assessor, K. S. Hoskins county superintendent.

No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thompson, of Spencer, Ia., says: "I have had Dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or Dyspepsia should use it." Sold by M. S. Crain, Jackson, Ky.

TIMBERED LAND AND Saw Mill For Sale

Nine hundred and fifty acres, lying in Rockcastle County, Kentucky, at Boone's Gap, on the K. C. Division of the L. & N. R. R., four miles south of Berea. This land is good for farming, grass, oats, wheat, rye and corn. Some poor and rocky, but most of it lays well; more than 400 acres level; it has on the ridges pine and oak that runs any size up to 30 inches. In the bottoms and hollows it has gum, white oak, black oak, hickory, poplar and lots of second growth white oak. All but 200 acres of it was cut over 21 years ago, but lots of good timber is left that is very valuable now. The 200 acres have good pine, oak, chestnut oak, chestnut, poplar, gum and black oak, with 30 to 40 cords of tan bark on it. A coal vein of 20 inches or more has been found at the railroad which runs through this land, 22 feet under the ground in the bottom. Good timothy grass farms above and below it; one of 630 acres sold sixty days ago for \$6 per acre; one of 40 acres sold for \$10 per acre. Will guarantee one million feet of good timber to be cut off this tract. The timber is not all of the best class, but lots of first-class stuff, such as pine, oak, and poplar, can be cut off it. Will sell this land for \$5.00 per acre and make perfect title to same.

I also have a good saw mill in operation on this land and four good mules and one wagon, which I will sell for \$1,000 in connection with the land. My reasons for selling is on account of my health and wish to go to some other point. Will take \$500 each and give four on the balance. This is the greatest bargain ever offered in land and am anxious to sell. Call on address.

THE BREAD MAKER

is no fear of the result when using Mansfield's Flour. It's white and has the natural taste and flavor of the wheat berry. Makes better, whiter, heartier bread than you have been using, because it is milled from the best wheat, and milled in the right way, on the best equipped roller flour mill in Kentucky.

Let a 25-lb sack of BEST PATENT or MOUNTAIN LILLY talk to you. It will be more convincing than a barrel of words. Ask your grocer for it.
